

EASY PAYMENT SUMMARIES®

Streamline year-end reconciliations by removing manual and difficult tasks from the process

Easy Payment Summaries is the industry standard in Australia for transferring manual SAP® HR/Payroll reconciliation tasks into a faster, easier automatic process whilst using best practice methodology.

Reduce the time spent reconciling by up to 90% or more

Easy Payment Summaries provides staff the tools to reconcile pay-by-pay easily and quickly.

1	Identifies data errors and highlights items excluded from the payment summaries.	2	Reconciles employee statements and verifies the payment summary is reporting correct amounts.	3	Automates process by scheduling reconciliation reports and emailing staff the results.	FASTER & EASIER Performs reconciliations within SAP and eliminates the need to extract data or complete manual processes outside of SAP.

Verify, highlight and reconcile employee payment summary details more efficiently.

Easy Payment Summaries eliminates many time consuming reconciliation activities by providing the reports you need to easily reconcile the figures reported on the payment summary.

With Easy Payment Summaries, you can lower the risk of data errors that may impact an employee's payment summaries by completing reconciliations throughout the year rather than waiting for year-end.
